Dear Greg,

As we're nearing completion of our latest project, Subaru of Mt. Olive, it's an appropriate time to recall our long and successful relationship.

I've appreciated the careful and innovative thinking REDCO has applied which has consistently, for many years, provided us with state-of-the-art buildings at costs significantly lower than other bids. Your foremen and workmen have been easy to work with, and the various projects have been completed with remarkably little stress!

The ability to reach and consult with you personally has always been a strong point, and I look forward to a continuing and mutually profitable relationship.

Very truly yours,

Gerald A. Lustig
